REQUEST FOR RECONSIDERATION OF
PATENT TERM ADJUSTMENT
PURSUANT TO 37 C.F.R. § 1.705(d)

Mail Stop Patent Ext
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

U.S. Patent No. 6,985,501 was issued on January 10, 2006. Pursuant to 35 U.S.C. § 154(b) the United States Patent and Trademark Office has calculated a patent term adjustment of 893 days, which is included on the face page of U.S. Patent No. 6,985,501. A copy of the Issue Notification for U.S. Patent No. 6,985,501 is included herewith as Exhibit A.

Applicant's Attorney believes that the patent term adjustment should be 1308 days. For the reasons stated herein, reconsideration of the patent term adjustment is respectfully requested pursuant to 37 C.F.R. 1.705(d). Please charge the petition fee pursuant to 37 C.F.R. § 1.18(e) to

Patent No. 6,985,501
Serial No. 09/827,639

Date Issued: January 10, 2006
Date Filed: April 6, 2001

Deposit Account No. 23-1925. As detailed on the included Transmittal, please charge any additional fee required or credit any excess fee paid to Deposit Account No. 23-1925. A duplicate copy of the Transmittal is included for this purpose.

The patent term adjustment for U.S. Patent No. 6,985,501 was calculated by the U.S. Patent and Trademark Office based on activities and associated dates detailed in the Patent Application Information Retrieval (PAIR) system Patent Term Adjustment History, attached as Exhibit B. Applicant's Attorney believes that errors and/or omissions in the calculation and/or the PAIR system Patent Term Adjustment History may have resulted in an incorrect patent term adjustment for U.S. Patent No. 6,985,501 as described in detail below. Pursuant to 37 C.F.R. §1.705(d), this request for reconsideration is being filed within two months of the issue date of the above-referenced patent. Note that U.S. Patent No. 6,985,501 is not subject to a terminal disclaimer.

Period of adjustment for activities prior to mailing of Notice of Allowance

As detailed in the Notice of Allowance attached as Exhibit C, the patent term adjustment indicated on the Notice of Allowance was 889 days.

Period of adjustment pursuant to 37 C.F.R. § 1.703(a)(6)

The period of adjustment pursuant to 37 C.F.R. § 1.703(a)(6) is the number of days in the period beginning on the day ("the 4 month date") after the date that is four months after the issue fee was paid and all outstanding requirements were satisfied and ending on the date a patent was issued.

The issue fee was filed at the U.S. Patent and Trademark Office on September 6, 2005 as indicated in the Patent Term Adjustment History attached as Exhibit B. The four month date calculated pursuant to 37 C.F.R. § 1.703(a)(6) is January 6, 2006. U.S. Patent No. 6,985,501 issued

Patent No. 6,985,501
Serial No. 09/827,639

Date Issued: January 10, 2006
Date Filed: April 6, 2001

on January 10, 2006, and the additional four (4) days of delay by the U.S. Patent and Trademark Office were correctly added to the patent term adjustment.

Period of adjustment pursuant to 37 C.F.R. § 1.703(b)

The period of adjustment pursuant to 37 C.F.R. § 1.703(b) is the number of days in the period beginning on the day ("the 3 year date") after the date that is three years after the date on which the application was filed pursuant to 35 U.S.C. § 111(a).

The present application was filed on April 6, 2001 as evidenced by the official filing receipt attached as Exhibit D. The 3 year date determined pursuant to 37 C.F.R. § 1.703(b) is April 6, 2004. U.S. Patent No. 6,985,501 was issued on January 10, 2006, which is 644 days beyond the 3 year date. The 644 days beyond the 3 year date are neither acknowledged nor included in the calculation of patent term adjustment. Applicant believes this to be an error in the patent term adjustment and respectfully request recalculation of the patent term adjustment to take this additional delay into account.

The recalculation should be based on the delay described in the Patent Term Adjustment History attached as Exhibit B and the additional 644 days of delay due to exceeding the 3 year date as follows. As indicated by the PAIR system Patent Term Adjustment History attached as Exhibit B, the total delay by the U.S. Patent Office was 896 days and the total delay by the Applicant's Attorney was 3 days. Of the 896 days of delay by the U.S. Patent Office, 226 days (212 days + 10 day + 4 days) overlap with the 644 days of delay due to exceeding the 3 year date. In addition, the 3 days of Applicant's delay overlap with the 644 days of delay due to exceeding the 3 year date. Thus, the non-overlapping period of adjustment pursuant to 37 C.F.R. § 1.703(f) due to exceeding the 3 year date is believed to be 644 days - (226 days + 3 days) = 415

Patent No. 6,985,501
Serial No. 09/827,639

Date Issued: January 10, 2006
Date Filed: April 6, 2001

days. Accordingly, Applicant's Attorney respectfully requests re-calculation of the patent term adjustment to add 415 days to the existing 893 days of patent term adjustment.

Total patent term adjustment

Based on the foregoing, we believe that the correct patent term adjustment for U.S. Patent No. 6,985,501 should be the 893 days currently awarded and an additional 415 days due to exceeding the 3 year date for a total patent term adjustment of 1308 days.

It is respectfully asserted that the patent term adjustment determined by the U.S. Patent and Trademark Office for U.S. Patent No. 6,985,501 may not be correct. Accordingly, Applicant's Attorney respectfully requests the U.S. Patent and Trademark Office to reconsider, and make revisions to the PAIR system Patent Term Adjustment History in view of the previous remarks to award 1308 days. In addition, it is respectfully requested a Certificate of Correction be issued for U.S. Patent No. 6,985,501 to indicate that 1308 days of patent term adjustment have been awarded. Office personnel are invited to contact Applicant's Attorney via telephone if such communication would be beneficial in fulfilling this request.

Respectfully submitted,

Sanders N. Hillis

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations, especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

PLEASE NOTE the following information about the Filing Receipt:

- The articles such as "a," "an" and "the" are not included as the first words in the title of an application. They are considered to be unnecessary to the understanding of the title.
- The words "new," "improved," "improvements in" or "relating to" are not included as first words in the title of an application because a patent application, by nature, is a new idea or improvement.
- The title may be truncated if it consists of more than 500 characters (letters and spaces combined).
- The docket number allows a maximum of 25 characters.
- If your application was submitted under 37 CFR 1.10, your filing date should be the "date in" found on the Express Mail label. If there is a discrepancy, you should submit a request for a corrected Filing Receipt along with a copy of the Express Mail label showing the "date in."
- The title is recorded in sentence case.

Any corrections that may need to be done to your Filing Receipt should be directed to:
